News from APS

New and Improved Outage Map

The APS outage map is getting a new look and feel, making it easier than ever to navigate. You can view outages in your area, the number of customers impacted and the estimated restoration time at aps.com/outagecenter. While there, you can also create an online account, or if you already have an account, update your contact information to ensure you receive outage alerts.

Important Bill Update

Effective with your May bill the following charges on your bill will change.

The Lost Fixed Cost Recovery Mechanism (LFCR) is now a charge of \$0.001800 per kilowatt-hour, an increase of \$0.000380 per kilowatt-hour. For a typical residential customer, using 1,050 kWh, that comes out to a monthly increase of \$0.40.

Adjustors are separate line items on your bill that increase or decrease at certain times through the year to fund specific programs and/or services. The LFCR recovers the costs of providing service through power poles, wires and other infrastructure, that are not collected due to mandated energy efficiency and rooftop solar projects.

Increases or decreases in these rates occur due to changes in costs associated with each adjustor as well as changes in energy and demand consumption.

To learn more about adjustors or why these adjustors are changing, please visit aps.com/adjustors.

Important billing information:

- Payment is due no later than 21 days from the bill date. If received later than 28 days from the bill date, your account will be delinquent and may be subject to a late payment charge of 1.5% + tax per month. If your power is shut off for nonpayment, you will need to pay the past due amount before service will be turned back on.
- We may require a deposit if an account becomes delinquent with two or more bills, or has been disconnected for nonpayment within a 12-month period. Deposits may also be required for customers with a non-residential service plan who do not meet certain financial conditions (as determined by APS using a credit scoring worksheet).
- One-time waiver
If you're on the Fixed Energy Charge Plan and your average monthly usage increases over time causing you to be moved to a higher tier you can contact us for a one-time waiver to keep your lower tier. See APS contact information above.
