News For You

On Jan. 1, the System Benefits Charge (SBC) increased from \$0.00905 to \$0.00934 per kWh. A customer using 600 kWh per month will see a \$0.17 or 0.1% increase on their total monthly bill. The SBC funds energy efficiency programs and services for New Hampshire customers. Connect to tips, tools and resources to better understand your energy use, how to use it more efficiently, and learn about available assistance programs at eversource.com/winter-bill.

For information or questions regarding your account, please contact Eversource at 1-800-662-7764. If after contacting us, your billing dispute is still unresolved, you may contact the New Hampshire Department of Energy at 800-852-3793.

Important Messages About Your Account

Please note: Payment processes differ for each bank. Therefore, it may take longer than the date that appears on your bill for the funds to be deducted from your bank account.

The rate is prorated because the billing period is less than 25 days.

The stranded cost recovery charge is composed of a rate reduction bond charge owned by PSNH Funding LLC 3 as filed with the NHPUC and a stranded cost recovery amount approved by the NHPUC.

Eversource now offers a new residential Time-Of-Day rate, (ROTOD-2), that could save you energy and money. By managing when you use electricity in your home, you could save on your monthly electric bill. See how we can help you use energy more efficiently and lower your bill at [Eversource.com/energy-savings-tips](https://www.eversource.com/energy-savings-tips).

Alternative Net Metering customers that purchase energy from a Competitive Supplier are not eligible for Eversource Default Energy Service net metering surplus credit.
