### Wildfire safety & preparedness

Safety is a community effort that takes all of us working together. At Rocky Mountain Power, we're continuing to take steps to mitigate wildfire risks.

You can take action at home: Make a plan, create defensible space around your home, and plan for your family's needs in the event of an emergency. Consider a backup generator if you have medical equipment. Check your local emergency management or public safety website for more information on how to sign up for alerts. It's also important for you to update your contact information and sign up for alerts with us.

Visit our wildfire safety web page to prepare for wildfire season at [RockyMountainPower.net/WildfireSafety](http://RockyMountainPower.net/WildfireSafety).

### Seguridad y preparación

La seguridad es un esfuerzo comunitario que requiere la colaboración de todos. En Rocky Mountain Power seguimos tomando medidas para mitigar el riesgo de incendios forestales.

Aquí hay unos pasos para prepararse: Cree un plan, identifique un espacio defendible alrededor de su casa y prevea las necesidades de su familia en caso de emergencia. Considere la posibilidad de instalar un generador de reserva si tiene equipos médicos. Consulte la página web local sobre emergencias o seguridad pública para obtener más información sobre cómo inscribirse para recibir alertas. También es importante que actualice sus datos de contacto y se inscriba para nuestras alertas.

Visite nuestra página web sobre seguridad contra incendios forestales para prepararse para la temporada de incendios forestales en [RockyMountainPower.net/Listo](http://RockyMountainPower.net/Listo).

Effective June 1, 2024, the Utah Public Service Commission approved a change to the Renewable Energy Adjustment (Schedule 98). This change reflects the difference between the estimated and actual amount received from renewable energy credits.
