# Electric rates for residential customers

In December 2024, the Public Service Commission of Wisconsin approved Alliant Energy's 2025 Fuel Cost plan (Docket 6680-ER-104). Effective January 1, 2025, your bill will include a \$0.006269/kilowatt-hour (kWh) surcharge to reflect updated fuel costs and Alliant Energy's previously approved fuel reconciliation adjustment (Docket 6680-FR-2022). The updated fuel adjustment and electric rates effective January 1, 2025 are below.

# Natural gas rates for residential customers

In December 2023, the Public Service Commission of Wisconsin (PSCW) approved new natural gas base rates effective January 1, 2025 (Docket 6680-UR-124). The average impact of the adjustment on residential customer bills is a reduction of approximately \$0.20 per month.<sup>1</sup> Actual costs will vary depending on your rate class and natural gas usage. At Alliant Energy, we continue to make smart investments that create a cleaner, safer and more reliable energy future. Consistent with our long-range strategic plan, these investments will increase customer value and ensure the continued delivery of cost-effective energy for years to come.

Residential gas rates		Gg-1 Residential service
Bill component		
Distribution charge	\$/therm	0.3587
Gas supply base rate	\$/therm	0.6632
Gas supply acquisition charge	\$/therm	N/A <sup>2</sup>
Gas supply market adjustment	\$/therm	Changes monthly
Customer charge	\$/day	0.4113

Your bill shows separate charges for distribution (what we charge for delivering natural gas) and gas supply (what we pay to acquire natural gas). The gas supply base rate changes monthly with the gas supply market adjustment the PSCW approves.

If you have questions about the approved rates, visit [alliantenergy.com/wisconsinrates](http://alliantenergy.com/wisconsinrates) or call us at 1-800-ALLIANT (1-800-255-4268).

[1] Assumes customer uses 761 therms per year.

[2] The residential gas supply acquisition charge of \$0.0155/therm is included in the gas supply base rate.
