Net Billing Program

Thank you for choosing to participate in the Net Billing Program.

Your invoice is based on the total amount of Energy you receive from Rocky Mountain Power.

Energy that you send us from your generation facility (Exported Customer-Generated Energy) is measured by Rocky Mountain Power, and per Utah Public Service Commission approval, effective March 1, 2024, earns \$0.07715 per kilowatt-hour (kWh) from June 1 through September 30, and \$0.06372 per kWh from October 1 through May 31. These credit rates are evaluated and subject to annual adjustments to reflect the updated value of exported energy.
